CLIMATE
EXTENDER

Acting as an independent Certification Body and considering all relevant GHG sources, TÜV NORD CERT GmbH has verified the carbon footprint of the above mentioned company

to be **4 t CO₂eq** in the business year **2017/2018**.

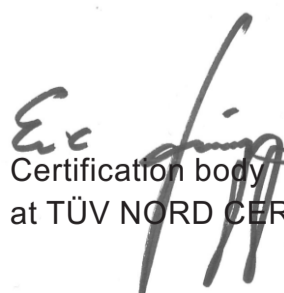

The company boundary encompasses the business activities of the company CLIMATE EXTENDER. Emission sources considered for the calculation of the carbon footprint comprise electricity and gas consumption, employee commuting, business travel and the use of company owned cars.

TÜV NORD CERT GmbH has further verified that the complete carbon footprint of the company has been offset by means of emission reduction certificates as a forecast for the business year 2018/2019. Thus, CLIMATE EXTENDER has proven to be a **Carbon Neutral Company** for this year. TÜV NORD CERT will verify the calculated forecast in 2019 again. Based on this, additional offsetting will be carried out if necessary.

Therefore, the company is allowed to use the corresponding Carbon Neutral Company Certification Mark.
